Subject: WOTUS Production

All – We have documents responsive to the WOTUS withdrawal (over 85,000). Below is the search that was conducted in July on WOTUS and the list of custodians. My understanding is there are approximately 85,000 documents responsive to this request, including a 58,000 page mass mailer from NRDC. Also, this search included OCIR, OECA, OGC and OW so it appears it may be broader than what Senate EPW requested (they requested correspondence between politicals and EPA Office of Water).

Note, these documents are primarily from January 21 (or November 8 in some cases) to July 16. We can supplement post July 16. The date of the letter from Senate EPW is September 6 – do you want me to go ahead and get a supplemental search going for documents from July 17 through September 7?

Also, I will forward a link to a sharepoint drive that contains the responsive documents. Please note they have been redacted to for FOIA purposes. If we need to modify the redactions for a production to congress then please let me know ASAP.

Search Terms: "WOTUS" OR "Waters of the United States" OR "Waters of the US" OR "Clean Water Rule" OR "CWR" OR "CWA jurisdiction" OR "Rapanos" OR "Scalia" OR "Kennedy" OR "13778"
